Play Clay

You will need:

- 1 cup baking soda
- 1/2 cup corn starch
- 3/4 cup water

Together mix the baking soda and corn starch in a pot.

Make sure to break up all the lumps.

Then add water.

The adult should put the pot on the stove over medium heat.

Stir constantly.

As soon as the mixture gathers together, remove the pot from the heat.

When it cools, together knead it into a smooth dough.

Then make the figures. Let them dry overnight and then paint.
